

SmartFarmer - IoT Enabled Smart Farming Application

Problem Statements

Date	27 September 2022
Team ID	PTN2022TMID42737
Project Name	SmartFarmer – IOT Enabled Smart Farming Application

I am Farmer	I'm trying to Maintain correct level of watersupply, soil moisture etc,	But Farmers doesn't have enough knowledge on using this application	Because proper training session has not been provided for the farmers to work with the system	which makes me feel Stressed because farmers can't use the system untill he get's enough training to use the system
----------------	--	--	--	--

I am Farmer	I'm trying to Reduces the work load of a farmer.	But If there is a technical issues farmer will not able to access the system efficiently.	Because In Rural areas there will not be a sufficient network facilities.	which makes me feel Will be Frustrated because the day's work will be spoiled.
